21232 CHILDREN'S PROGRAMMING AND TECHNOLOGY EDUCATION ACADEMY - SOLD

Unfortunately, you have missed this one, but keep looking as we have plenty of other great business for sale - bonzabfs.com.au/businesses-for-sale/

Are you looking for a business that you can run from home, outside of normal school hours, supported by government policy and, due to its focus, is positioned for ongoing growth?

Founded in 2016, this robotics, programming and technology academy is designed to teach young students the principles behind technology and computer science in a fun and interactive way.

They not only teach children coding and robotics but a full range of technology courses, including webpage, mobile app development, python, drone, 3D printing, artificial intelligence, machine learning and more. You don't need to have an IT background to run this great business. All of the course content and training will be provided to you.

The academy is mobile-based, and classes can be operated as an after-school activity, in-school learning, or online courses.

Rare license opportunities have become available for the following locations in Greater Sydney, Blacktown, Hills and Strathfield. With an abundance of schools and early education providers in these areas, this innovative business offers part-time/flexible hours with full-time earning potential.
