Unfortunately, you have missed this one, but keep looking as we have plenty of other great businesses for sale – bonzabfs.com.au/businesses-for-sale/

An exciting and established business in the education resources sector is now available for acquisition. For over 37 years, this business has been successfully supplying resources to numerous schools across South East Queensland.

Catering to both the high school text market and the expansive back-to-school market, the business currently services a substantial region stretching from the Gold Coast to Rockhampton. Primed and ready for new ownership, you can step straight in and continue seamlessly catering to the current clientele. Furthermore, the present proprietor has allocated 14.5 kilowatts of solar power, resulting in an annual surplus in the operation.

As an approved classroom resource supplier endorsed by Education Queensland through the esteemed DETE (Department of Education, Training and Employment) SOA 65864, the business's credibility and commitment to quality are evident. The new owner can enjoy the advantage of a pre-approved discount structure under SOA 65864. This eliminates the need for intricate tender procedures for orders under \$250K, ensuring streamlined and cost-effective procurement.

Based in a strategically situated warehouse and retail space, the company effectively addresses the demands of the local community. Additionally, it fosters strong collaborations with various schools throughout the region, ensuring their distinct needs and preferences are met. Moreover, the departing owner is committed to facilitating a seamless transition for the incoming proprietor by providing support and guidance during the initial back-to-school period.
