## 35296 IMPORT, WHOLESALE & ONLINE RETAIL BUSINESS – DIVERSE PRODUCTS

Looking for a business that blends style, substance and limitless potential? Look no further! This well-established e-commerce operation has been winning over Australian shoppers with its extensive selection of high-quality products and seamless online shopping experience. From chic furniture and beautifully crafted wooden children's furniture to Thai meditation cushions and roll-out mats, this business caters to all ages, interests and budgets. With a professionally designed Shopify-powered website, a strong brand presence and over 1,000 meticulously curated product listings, this is a turnkey opportunity to step into a thriving online business.

Products are carefully sourced from a trusted network of national and international suppliers and sold directly to customers at retail pricing or via dropshipping or wholesale to retail partners. As an approved Amazon retailer and a seller on Australia's top marketplaces, the business enjoys a robust online presence with fully integrated systems to ensure smooth operations. The potential for expansion is vast—whether through targeting new customer demographics, expanding the product range or even tapping into the brick-and-mortar retail sector.

With strong profit margins and consistent year-on-year revenue growth, this business has already proven its demand and profitability. The best part? It requires just a few hours a day to run from a comfortable home office. A storage facility with a transferable lease is available if needed, but the business is entirely portable and can be operated from anywhere in Australia. All the groundwork has been done—supplier relationships, fulfilment processes and customer service systems are well-established.
